Introduction

This is the policy of Primley Wood Primary School on the approach taken to Relationships, Sex and Health Education (RSHE), approved by Trustees July 2023.

Legal context

The law was changed with effect from September 2020 so that primary schools in England must teach relationships education and health education (*The Children and Social Work Act 2017*).

- The relationships education part of the new curriculum teaches what children need to learn to build positive and safe relationships with family and friends and online.
- The health education part of the new curriculum covers both physical health and mental wellbeing and teaches children how to make good decisions about their own health and wellbeing; how to recognise issues in themselves and in others; and how to seek support as early as possible when issues arise.

Sex education is not compulsory in primary schools, but:

- The new curriculum for relationships education and health education does include content on puberty.
- The national curriculum for science includes subject content in related areas, such as the main external body parts; the human body as it grows from birth to old age (including puberty); and reproduction in some plants and animals.

Following this change in the law, the Department for Education published *Statutory Guidance for Relationships Education, Relationships and Sex Education (RSE) and Health Education (2019)*. This guidance requires primary schools in England to have a written relationships education policy to cover the following:

- How relationships education is delivered
- What sex education (if any) a school chooses to cover that goes beyond the national curriculum for science and relationships education.

There is no equivalent requirement for a health education policy but, in line with best practice, this RSHE policy also covers health education.

This RSHE policy also supports legal requirements relating to the following:

- *The Equality Act 2010.*
- *The Education Act 1996.*
- *Statutory guidance, Keeping Children Safe in Education 2020.*

The following policies are also relevant to this Relationships and Health Education policy:

- Behaviour and Anti-bullying
- Safeguarding and Child Protection

Definition*

RSHE supports children and young people's personal development including their spiritual, moral, social and cultural development. Its aims are to help children and young people to deal with the real-life issues they face as they grow up and that they will encounter as adults. Their learning will support them both online and offline, to make informed choices about their safety, physical and mental health, enabling them to live positive and fulfilled lives.

RSHE is enhanced by our supportive school ethos where everyone is valued, positive relationships are promoted and there is a safe learning environment.

Aims

The aims of our RSHE programme are:

- Provide accurate and age-appropriate information.
- Include all children.
- Help children make informed choices.
- Develop knowledge, skills and attitudes.
- Build confidence and self-esteem.
- Develop personal attributes.
- Prepare children for the next stage of education and adulthood.
- Develop positive and inclusive attitudes to everyone, particularly to those with protected characteristics under the *Equality Act 2010*.

Roles and responsibilities

An effective programme of RSHE requires support from the whole school community and the following people have specific roles and responsibilities:

Trustees

The Trustee board will approve the RSHE policy and hold the headteacher to account for its implementation.

The Trustee with responsibility for RSHE is _____

Headteacher/principal

The headteacher is responsible for the following:

- Overseeing the development and delivery of RSHE.
- Providing staff with the opportunity to contribute to the development of RSHE.
- Providing information to the trustees/governors.
- Providing training for the subject leader and staff, as required.
- Supporting the subject leader to liaise with parents and carers.
- Dealing with parents and carers who wish to withdraw a child from sex education.

Subject leader

The subject leader is responsible for the following:

- Leading the development and delivery of effective RSHE.
- Keeping up-to-date with the development of RSHE.
- Supporting colleagues as required.
- Monitoring and evaluating RSHE and providing necessary reports.
- Liaising with parents and carers.
- Keeping subject information up-to-date, including on the school website.
- Overseeing external visitors and resources used in RSHE.

All staff

All staff who teach RSHE within school have the responsibility:

- To understand and implement the policy of RSHE.
- To teach RSHE in line with the agreed curriculum.
- To assess and monitor the progress of children.
- To respond to the needs of individual children.

Curriculum organisation*

The school adopts the following approaches to organise the curriculum to ensure high quality delivery of RSHE:

Explain how your school RSHE curriculum is organised, to cover the following points:

- The best practice approach is for RSHE to be covered as part of a wider programme of PSHE education. As a school we have adopted the KAPOW Primary scheme of work which fulfils the statutory requirements for RSHE set out by the Department for Education. It also fulfils the National Curriculum requirement to teach PSHE.
- The scheme has lessons that are categorised into five key areas: Family and relationships, Health and Wellbeing, Safety and the Changing Body, Citizenship and Economic Wellbeing. These areas are return to each year, making pupil's prior and future learning clear and shows how what is being taught fits into their wider learning journey. Year 6 also have a further key area: Identity.
- In school each Year group will have a timetabled lesson for PSHE and RSHE on a fortnightly basis.
- Lessons are of sufficient length to allow children to explore topics and reflect on their learning, such that:
 - for EYFS/KS1 – lessons are around 40 - 45 minutes long.
 - for KS2 – lessons are around 50 - 60 minutes long.

- Where appropriate and relevant; days and visits will be arranged, and visitors will be invited into school to enhance this programme.
- How cross-curricular learning will contribute. Links should be recognised in planning.
- As a school we will ensure that the staff delivering the curriculum are confident and skilled, particularly for sensitive and controversial topics.

Teaching and learning

RSHE is delivered in line with the teaching and learning policy. However, as the subject deals with real-life experiences, it is important to establish a safe and positive learning environment using the following approaches:

- Establishing clear ground rules in consultation with children. Ground rules should include confidentiality, respect for others, privacy and boundaries.
- Using clear language to avoid misunderstandings.
- Avoiding prejudice and assumptions about children's abilities, desires, background and experiences.
- Dealing sensitively with unexpected questions and comments.
- Assessing and building on existing knowledge and experiences.
- Ensuring that learning is engaging, using a range of activities, including structured discussion and problem-solving.
- Providing a range of opportunities to learn, practise and demonstrate knowledge, skills, and attitudes.
- Allowing time for reflection.
- Providing differentiated learning.

Curriculum content

Long term planning

Our school has chosen to use the [Kapow Primary RSE scheme of work](#), which provides full curriculum coverage, including all the statutory content, for each year group.

Follow this link to view the [Kapow Primary RSE curriculum overview](#).

Resources

Teachers will select any additional resources carefully, and the subject leader will oversee the selection.

Additional resources will be:

- Up-to-date.
- Relevant to children.
- Consistent with the aims and values of the school.

Visitors

Visitors can enhance children's learning. Teachers will select visitors in liaison with the subject leader. The following will be used to guide the use of visitors:

- The school will use visitors to enhance the lessons delivered by the class teacher; and information on where a visitor fits into the long-term plan will be shared with the visitor.
- The school will make visitors aware of the school policy for RSHE.
- The school will check the content of sessions delivered by visitors to make sure that it fits with the school's ethos and meets legal requirements.
- A member of staff will be present in sessions delivered by visitors.
- The school will make sure visitors undergo the necessary checks as required by the school safeguarding policies.

Equality

Under the *Equality Act 2010*, the school is under a legal duty to eliminate discrimination, advance equality of opportunity and foster good relationships between those with protected characteristics and those without. The protected characteristics are:

- Age.
- Marriage and Civil partnership.
- Disability.
- Race.
- Religion and belief.
- Sexual orientation.
- Sex.
- Pregnancy and maternity.
- Gender reassignment.

In addition, we will consider the needs of those children with Special Educational Needs and Disabilities (SEND) and ensure that content is accessible for all.

The RSHE programme will meet the needs of all children. Lessons will include content that will tackle discrimination and foster good relationships.

Right to withdraw from sex education*

A parent or carer cannot legally withdraw their child from any aspect of the statutory relationships education or health education.

A parent or carer does have the right to withdraw their child from sex education unless what is being taught is part of the science national curriculum.

Following a consultation with the whole school community, the following content is deemed to be sex education:

The suggested Kapow Primary lessons that are deemed to be sex education are:

- [Year 6: Safety and the changing body, Lesson 5: Conception](#)
- [Year 6: Safety and the changing body, Lesson 6: Pregnancy and birth](#)

The following process must be followed if a parent or carer wishes to withdraw their child from sex education:

- Parent's and carers will be notified in advance of any sex education lessons to be taught to their child's year group.
- If parents have any questions, want clarification or are thinking of withdrawing their child from the sex education sessions then they should inform the school in writing.
- Parents/carers will then be able to meet with a member of SLT or the staff member who will be delivering the sessions. Meetings will give an opportunity for the school and the parent/carers to discuss concerns and to outline the impact on the child of missing sex education lessons.
- Both the meeting and its outcome will be formally recorded by the school.
- If the child is to be withdrawn from the sessions, then parents will be notified of what alternative arrangements will be made for the child during the sessions that they will not be attending.

Safeguarding

RSHE includes sensitive topics. It is, therefore, possible that discussions will prompt safeguarding disclosures. In such circumstances, the schools safeguarding and child protection policy and procedures will be followed as normal.

The subject leader/teacher should discuss with the designated safeguarding lead any potentially sensitive topics. Appropriate steps must be taken to provide additional support for children if required.

Staff should consider the timing of lessons to ensure that children have the opportunity to report any concerns they may have either that day or the following day.

Support

RSHE should not be a time for children to make disclosures. It is important, however, to inform children of the support that is available to them if they are worried about anything raised in a lesson. The following support will be highlighted to children as appropriate:

In school:

- Class teacher.
- Mrs Khan and Miss Bailey – Pastoral support

External:

- Local agencies.
- National agencies such as Childline.

Monitoring and evaluating*

The headteacher and subject leader will be responsible for monitoring and evaluating RSHE in line with other subjects.

The following monitoring of the subject will take place across the academic year:

- Scrutiny of planning.
- Lesson observations.
- Learning walks.
- Evidence of learning.
- Feedback from staff.
- Feedback from parents/carers.
- Feedback from children.

Professional development

The headteacher and subject leader will assess the professional development needs of staff regularly. Appropriate development will be provided using internal or external expertise.

Communication of policy

This RSHE policy will be available to read on and downloaded from the school website and copies can be requested free of charge from the school office.

Review*

This policy will be reviewed every three years from July 2023 by the board of trustees.
